[Pr]esident Truman Gets Walter Resolution; [Wo]uld Grant Naturalization To The U. S. Issei

WASHINGTON, D. C. — Senate Majority Leader Lucas advised the JACL Anti-Discrimination Committee that he would urge the President to sign the Walter Resolution removing race as a requisite in naturalization.

The JACL-ADC sponsored measure, one of President Truman's civil rights goals, will for the first time in history make all legal immigrants to the United States eligible to apply for citizenship.

The only people still barred because of race are Asiatics, with the exception of Chinese, Indian and Filipinos who won the right of naturalization during and after World War II.

Immediately affected will be some 85,000 Japanese, approximately 3,000 Koreans and several hundred other Asians in the United States, Hawaii and Alaska.

Senator Lucas withdrew his motion to "reconsider", which had blocked the measure in the Senate for the past two weeks, and thus automatically sending the bill to the White House for President Truman's signature.

Hundred Nisei GI's With Forces In Korea

SAN FRANCISCO. — At least 100 Nisei are now serving with the U. S.-United Nations forces in South Korea, according to Takashi Matsui who recently returned from Japan.

A one-time Japanese language instructor at a U. S. army training base, Matsui said that many Nisei enlisted men and commissioned officers in interrogation and translation units are now in Korea.

He said that a number of Nisei civilian workers attached to the air force were also in Korea.

Matsui had just returned from Japanwhere he served as warrant officer and civilian worker for the past four years.

Guidebook To Include Japanese In Canada

The Guidebook, a Japanese-American directory published by the Chicago Publishing Corporation every year, is to include Japanese-Canadians 18 years and older, in its 1951 Edition.

In Canada, the Guidebook is represented by the Furuya Trading Co. Ltd., who are seeking the cooperation of individual Japanese-Canadians in compiling a full and accurate listing of the Japanese in Canada. They have issued a circular letter and form which is to be filled and returned, to as many Japanese Canadian addresses as is known by the Furuya Trading Co.

Railway Strike Affected B. C., N. Ont. Japanese Most

By Staff Writer

With the conclusion of the railway strike last week and as communication with all points in Canada returned to normal, the cross-country picture of how the situation touched Japanese-Canadians is greatly clarified.

Most affected were those in northern Ontario and British Columbia. Sawmill operations in the Fort William area which employs majority of the Niseis in the district were brought to a virtual standstill as the result of the railway tie-up. This is probably true of other northern Ontario points. Also in the Schreiber-Chapleau region a few Japanese still remaining in the area, were directly affected, as they are all employed by the railways. Other remote Ontario centres as Kapuskasing and Tionaga must have been visibly hit as rail is the only regular link with the south.

Otherwise, Eastern Canada Japanese were hardly touched. There was no known cases of even a temporary loss of employment by any Nisei in Toronto. A well-known Nisei from Hamilton told this writer the railway strike had far less effect on the Japanese Canadians of that city than did the strike of the city workers who are still out and as a result there is no city collection of garbage.

Fortunately for those in the southern Alberta regions, the strike came before the heavy harvest season. If it were to have taken place later, it may have seriously jarred the economy of the southern Alberta district.

However, it did create a disturbing factor in British Columbia. Interior B. C. was in the midst of its fruit season, the fruit industry requiring immediate shipping facilities for its perishable produce. With rail as the key transportation factor in B. C., the Japanese farmers in the interior would have been hard hit if the strike was prolonged.

Although precautions against fire slows the B. C. lumbering industry at this time of year when humidity is at its lowest, lack of transportation must have hit this industry which employs more Japanese Canadian workers than any other occupation in B. C. Then too, there are more Japanese employed by the railroads in this province than in any other.

Experiment With 3-lb. Midget Watermelons

DINUBA, Calif. — Two Nisei farmers, H. Mayeda and Y. Yamamoto are trying out new midget watermelons.

The midget melons weigh three to four pounds and are described as sweet and juicy. When fully ripe they have thin rinds and the flesh is deep red. They may be "luxury" items according to Mayeda because the thin skin makes packing and shipping difficult.

They planted a few vines last season producing about 100 melons. Next year they plan to expand with an eye to Los Angeles and San Francisco markets.

Eleventh Biennal JACL Convention To Be Held In Chicago Sept. 28-Oct. 2

By Staff Writer

A centre that is noted as the city of conventions is to play host to the hundreds of American Niseis who will converge on it for their Eleventh Biennial JACL Convention to be held during the last week of this month into October. From September 28 to October 2, delegates representing most of the 83 JACL chapters scattered throughout the United States will meet together in Chicago to discuss the problems of the Japanese Americans and the JACL as well as to partake in the many social attractions that have been planned for the conference.

This is the first time that a JACL national rally is to be held so far east, and only once previously has a city east of the Rockies been chosen for their biennial gathering. That was in 1946 when the first postwar conference was held in Denver. The last conference, in 1948, took place in Salt Lake City, the national head quarters of the JACL.

A [illegible] has been [illegible] the Chicago chap- [illegible] the many [illegible] tennis, bowling and bridge tourneys, tea and fashion show, photo exhibit, outing, mixer, and the selection of the "Nisei of the Year."

The social event of the convention will be the selection and the crowning of the JACL Queen which is to feature the Convention Ball. The queen candidates are all finalists in their own cities and districts and from among them will be chosen the JACL Queen.

Many notables have been invited to attend. Among these will be Oscar L. Chapman, Secretary of the Interior, who will be the chief speaker of the conference. A Testimonial Banquet is to be held at which congressmen and senators will be honored.

The famed Stevens Hotel, the largest in the world, is to be the site of the Convention. All sessions are to be held here, as well as the civic reception and the opening ceremonies when greetings will be extended by state and city officials.

Back To College As Nisei Students Club Of U. T. Prepare For 50-51, Will Aid 1st-Year Students

The Nisei Students Club of Toronto is again commencing its activities for the 1950-51 session and they are anxious to obtain a complete list of prospective University of Toronto students as soon as possible.

Many new innovations and surprises are in store for the coming year and in order to start off on the right foot they seek the cooperation of all Niseis on the campus to assist in obtaining full information about the Nisei undergrads.

A committee has been established to help the new students in acquainting themselves with the [illegible] and to assist them in "settling" in, such as filling out their application and to choose suitable optional subjects for their respective courses.

There are also many undergraduates who have good used books and notes which will be useful to the new undergrads and the Club hopes to arrange some sort of exchange system before the term is long under way.

They would appreciate greatly if first year students or anyone knowing of first year students who are enrolling at U. T. contact one of the following by phone or mail: Miss Josie Yano, 20 [illegible] Ave., [illegible]; Noble Hori, 73 [illegible] Ave., [illegible]; Mickey Matsubayashi, [illegible]; Rickey Nakamura, [illegible]; [illegible]

A SIMILAR ISSUE

In Chicago, in the latter part of this month, delegates representing the various local chapters of the Japanese American Citizens' League will gather together for their biennial Convention.

The theme of their conference is "Blueprint for Tomorrow." Like the JCCA here, the main organizational issue seems to be whether the JACL should be maintained on a centralized national scale or whether a program of gradual retrenchment should begin to reduce it to local functioning bodies.

There is a feeling that when naturalization for the Japanese aliens becomes an accomplished piece of legislation and there is every indication that it is coming before long, much of the work of the JACL on a national basis will be ended, and the need of maintaining a costly set-up of national and regional offices will cease to exist.

Thus the problems of the JACL and the JCCA are very similar. The question of future program is the focal issue.

PASSING THRU

(Cont'd from Page 1)

Like I spoke about in a previous column, this is where the pattern of the Tokyo Clubs is repeated but only to the extent where some Nisei and a few Issei participate as players only.

Perhaps the Issei were willing suckers to the rich, heady wine of the gambling fever because of the overpowering desire to get rich fast and go back to Japan. But the case with the Nisei is different.

One habituee blames the evacuation.

True, the evacuation resulted in the moral breakdown of many. It resulted in the breaking up of homes and strong family ties. In the tag end days of the last war, to the Nisei, it was always the thought, "Go East, Young Man, Go East," and hungry for life and sick and weary of the ennui and boredom of the evacuation bush, road or internment camps in B.C. they made the journey to a shining Mecca of the Eastern cities, breaking up family [illegible] time, the family unit [illegible]

They found in the city, a flock of strangers and one small room they had to call home—a lonely room of four walls that continually pressed against the consciousness, that the laughter in the next room emphasized. The room soon assumed the outlook of a sombre prison.

Out into the jungle of the gambling set-up walked some Nisei. There they found a means of excitement that helped them to forget their loneliness.

Last week at a downtown theatre, I saw an old relic of the "Yellow Peril" movies of the pre-Pearl Harbor days when Hollywood used to produce a flurry of third-rate propaganda films based on supposed Japanese undercover activities. NISEI LINGUISTS IN KOREA

By LARRY TAJIRI

The casualty lists of the Defense Department grow longer daily and there are Nisei names among the dead, the wounded and the missing.

Reports of front-line correspondents disclose that Nisei combat interpreters are playing an important role in the war for Korea. Although there are thousands of Japanese who speak both Japanese and English in the nearby islands of Japan, the United Nations forces in Korea have to depend on a relative handful of specialists, mostly Nisei, for interrogation and combat intelligence. There has not been time as yet to train GI specialists in the Korean language and the Japanese in Japan are barred by the circumstances of history from active participation in the conflict.

Most of the army's linguists have come from the ranks of Nisei GIs who were on occupation duty in Japan and who were trained in the military techniques of interrogation at the Military Intelligence Service Language school. Among the group are veterans of South Pacific and the Philippines, as well as men who served in the 442nd Combat Team and the 100th Infantry in Europe. It is ironical that three of the first four Nisei to die in the Korean fighting were all veterans of the war in Europe, men who survived the Apennine winter and the bitter nights in the Vosges only to fall on the alien soil of what one writer has called "the dirty fingernail of the thumb of Asia."

The 100th Battalion from Hawaii and the 442nd Regimental Combat Team will not be forgotten in the military annals of these United States. The name of the 442nd, in particular, is known to millions of Americans and will be known to millions more when MGM's "Go for Broke" is released. As for individual heroes, the saga of Sergeant Ben Kuroki of the B-24s and the B-29s in the skies over Africa, Europe and Japan has been told by network radio and in Ralph G. Martin's fine biography of the "Boy from Nebraska." The story of the more than 5,000 Nisei GIs in the Pacific has only been synopsized to date. The full story has not been told, although it is now more than five years since V-J day.

The major reason for the lack of publicity on the Nisei in the Pacific in World War II stems from the esoteric nature of the operations themselves. Although there had been a few Nisei linguists on Bataan and on Corregidor (one Hawaiian Nisei GI was evacuated to Australia only hours before the fall of Corregidor) the first report on a Nisei in the Pacific which was released through Army censorship was [illegible] Caswell's report [illegible] Nov. 1942 on Sgt. Fred Nishi[illegible] who was with [illegible] forces near Buna on New Guinea.

During the Pacific fighting [illegible]

tance on the part of U.S. forces to reveal the effectiveness of the Nisei in military intelligence to the Japanese high command. The Japanese were surprisingly sloppy regarding security measures with the result that important documents and battle plans fell into the hands of Americans who captured Japanese military and naval personnel, while the interception of messages also provided important information which resulted in the saving of men and material.

The use of these Nisei GI specialists trained at the San Francisco Presidio and later at Camp Savage and Fort Snelling in Minnesota undoubtedly shortened the war in the Pacific by days and perhaps by months.

It is interesting to note that, even during 1942 when draft calls were cancelled for all Nisei, the military intelligence branch of the army continued to recruit qualified Nisei volunteers. They were activated under hush-hush conditions with a blanket censorship imposed on any newspaper reports concerning their training. In time these Nisei linguists were assigned to every military headquarters in the Pacific and with individual divisions from Honolulu to India and from Australia north to Kiska in the Aleutians.

Nisei GIs walked the long miles across Burma with Stilwell, swam the Irrawaddy with Merrill's Marauders and staffed propaganda outposts in Assam. Although the Navy and the Marines were not open to the Nisei, these Japanese American linguists went ashore with Navy and Marine landing parties to the blood-soaked beaches of Kwajalein and Palau and Iwo. Only a few individuals were ever publicized, one of them being Sgt. Frank Hachiya of Hood River, Ore., who died while carrying out a mission on Leyte. The death of this Hood River soldier came at a time when the American Legion post in that Oregon city had erased the names of 16 Japanese Americans from the country honor roll, although Sgt. Hachiya's name was not on the list since he had enlisted while away at school.

A report by Peter Kalischer of the United Press from Korea notes that American troops have adopted a "buddy system" for Nisei GIs with their units in order to protect these Nisei from trigger-happy soldiers who might mistake them for infiltrating North Koreans. This "buddy system" in which a non-Japanese GI is paired off with a Nisei, was adopted initially in the Pacific island jungles when there was similar danger that these Nisei would be mistaken for enemy Japanese. In the Philippines, particularly, these Nisei interpreters were confronted with triple jeopardy, facing danger from the enemy and from American troops and from the civilian population.

The wartime service of the Nisei linguists provides only a [illegible] of the story. Nisei interpreters [illegible] and [illegible] role in the [illegible] after V-J Day in the Phi[illegible]

Dear Aya,

[illegible] You can appreciate the fact you have another friend who reverts to writing [illegible] this state [illegible] ly. I hope [illegible] inert mind by relating experiences in black and white of which [illegible] cently.

Aya, if you are a [illegible] Canadian [illegible] critically aware of the [illegible] wide railway strike and [illegible] riously it is jeopardizing Canadian economy.

Well, that's [illegible] problem nationally. I have a personal beef to make! [illegible] will sympathize with me completely after you have read further down this column. Like a fool, picked this tragic time for my long awaited holidays, my carefully planned itinerary and minute preparations have been washed out like a [illegible] and where am I now? You said it, right at home! Those [illegible] did weeks of staying at home. Can you just imagine that!

It irks me hard to think [illegible] could actually be having a wonderful time right this minute enjoying an afternoon cruise, refreshing dip at [illegible] about Sunnyside, or celebrating a gay reunion with the familiar faces I've lost contact of since the ghost town days.

Even in this late stage of holidays (I don't know whether you can quite call [illegible] that), I actually believe that I'm at home stuck with the drab routine of living, of rising at the first ray of sunbeam through my bedroom window, going about the household chores which by no means are pleasant, tuning the radio dial to daily soap operas and roaring westerns, Hopalong Cassidy and hittin' the hay at the unearthly hour of 9:30 or [illegible] at the latest.

Honestly, how dull can [illegible] Aya? But wait till you hear [illegible] You'll really get a big laugh out of this. Believe it or not [illegible] invested almost half of my monthly pay cheque [illegible] preparations [illegible] what came [illegible]

琵琶湖開發の決定版

【大津發】大電力源といわれた琵琶湖開發について、安本、計發がそれぞれ獨自の立場から開發計劃を立案中だが、最後的なものに至らず、滋賀縣ではこれとは別に、琵琶湖の發電、觀光、農地、舟運など多角的な面からビハ湖を最大限に活用する總合開發計劃を進めていたところ、さきほど立案した。これは總合計劃の決定版ともなるもので　滋賀縣では關係部課長會議を開いて更に詳細に檢討を加え總合開發の決定版として政府へ答申し實施を急ぐことになつた

△これによると、瀬田川下流に出力廿一万キロの發電所を設けるほか、同縣内の河川を發電に活用するため、野洲、愛知、高時ら四大川流域に三万八千キロの發電所を四ヶ所設置、別に余呉湖では揚水による十五万キロのピーク式發電所を新設して出力合計四十二万キロを發電、冬期電力不足に備え關西六十サイクル系一帯に送電する

△湖西堅田町とその對岸速野村間千二百米をしめきり、セキを設けて架橋し、湖東湖西の連絡を短縮すると共に、大阪地方からビハ湖に自由に船が航行できるよう宇治に大インクラインを設け、さらに瀬田川を開發して關西一の遊園地とする

[illegible]發電所を新設、工事にも十五米のセキ堤を作るが同縣栗太郡大石村を中心に三百卅二戸の住家と百七十町歩の耕地が湖底に沈むが、これら犠牲者に對しては附近を開拓して收容する

△なおこれに要する費用は、發電事業百五十五億圓、附帶事業五十五億圓の合計二百十億圓に上る巨費が見込まれ」實現すれば古いビハ湖の姿は全く一變し、スイスのレマン湖を想はせる雄大な風景美に生れかわることと大きく期待されている

世界連邦運動
日本代表を招く!!

【東京發】戰爭を絶滅し人類の恒久平和をうちたてようとする平和運動の一つとして、世界三十ケ國の連邦主義者や平和主義者、その共鳴者たちによつて、「世界連邦」建設の世界運動が展開されているが、このほどパリにある同運動の事務局から、執行委員長ノン●ボーゼーセ女史の名前で、「來年一月五日から八日間ローマで開かれる第四回年次世界大會に、日本からも正式代表二十五名を參加させるよう」との招請狀が、わが國の世界連邦建設同盟理事長稻垣守克氏あてに屆いた。年次大會參加の正式招請は初めてのことであり、しかもこれらの日本代表は、年次大會に先だつて十二月卅日にジュネーブで開かれる世界憲法制定人民會議にもオブザーバーとして出席できるというのでわが建設同盟では世界連邦日本國會委員會（會長松岡駒吉氏）世界恒久平和研究所（理事長同）國際平和協會（理事長賀川豊彦氏）などと相談した。

その結果、この四團体が世[illegible]文化、經濟、教育、平和などの各團体を含み[illegible]選考委員會をつくつて日本代表の人選を行うことに決[illegible]すでにその準備に着手したが、日本からの參加者のために、十二月にはフランスから三十二人乘りの旅客機が迎えに來る手はずも決定している。

世界憲法制定人民會議では、いよいよ正式に世界憲法の起草準備にかかり、憲法成文を一九五五年の國連總會に出し世界政府建設の歴史的役割を果そうという。

旅に出られぬ記【六】

「レーバー・デー」

九月四日のモンデーはレーバー・デー。トロントではエーエフエル、シーアイオー兩派の組合員が仲よく、折からの共進會場へ示威行列をした。こんどの鐵道ストライキを通して、兩派の組合の協力が一段と强まって來たのは喜ばしいことである。一人一人では弱いものは協力する以外に正當に生きる途はない。しかも協力して大なる力をなしている勞働組合が、あくまでデモクラチックな行き方をすることを忘れず、重要なる社會機構の一部門としての役割を果しているのは、民主國にとっての强味である。

休日であるべきレーバー・デーにも働いた。新聞屋というものはインガな生業とでも言うべきか。

「紙上の旅」は、空想が日本へ向いて、あれこれと訪ねたい所や人をえがいている。それらを紙に書きつける暇を得られないでいるところへ、東京の鈴木海蔵君から手紙が來た。先ずその一部分を書きとることにしよう。

「久しく通信も出さず失禮していました。私は五月の初め頃から水虫で足を痛め、いままでに治らず苦しんでいます。從ってロクな仕事もせずにおりますと夏を送りました。今年の夏は片寄りの天氣で、降ったら大雨、照ったら耐え難い炎暑、カナダあたりでは想像も出來ないきびしさです。

「日本での生活も苦しみではあるが幾分か落着いてきたようです。昨年の暮頃から春にかけて物價もデフレで停滯しつつ物よりは金の時代になりつつあると通信したことがありますが、六月の末、朝鮮に戰火散って以來、衣類を初め諸物價は急に上昇し、政府もあわてて對策を講じているが、これは商人筋の思惑「買占め」、利食い等の人爲的ツリ上げによるものと言われている。いわゆる火事場泥棒の如き行爲が一部にあるものとされています。

「目下、東京で製作中の映畫「東京ファイル二一二」には二世の中村哲君が主要な役についているが、既に鎌倉、江の島、熱海のロケーションを終って、今は大泉のセットで進行中で[illegible]英語で[illegible]出演[illegible]のである。從って日本人側は全部英會話の出來る出演者である。又この映畫には日本で女優一人を公募したが、その時集った心臟の强い娘さん達は千五百名、中村君等の審査員の目にとまって最後には三人になった。その三人のうちの一人にオカナガン出身者がいたのには私も驚いた[illegible]みると私の良く知っている娘さんで、昔、オカナガンセンターの農家（由良？）戸田謝貝（仮名）先生の三女。戸田氏が馬に蹴られて他界されて後、一家は日本に歸って東京に住んでいた。當時十歳位の小娘さんが女優志願として世に出て來たのである。然し、映畫には採用にいたらなかった。」

圓の悲劇

カナダへ渡る一年前即ち一九二〇年、月給とりになった私は三千圓の生命保險に加入した。三十年滿期のもいである、それが六月二十九日に支拂われるから受取りに來いと云って來た、暑い夏の日を[illegible]五十圓の交通費を支拂って三千圓の金を貰いに行くことが今日の日本の私には左程の興味も持てぬわけである。三十年の昔、下宿代は一ケ月十圓そこそこであった。その頃であったこの三千圓も、食べるだけなら二十餘年は私を遊[illegible]今[illegible]さびしい限りである。在外同胞が正金や住友に預金した預金も又同じ運命に置かれているのを思うと、老後を故國で安らかに送ろうとの計畫は夢と化したわけで、お氣の毒である。坪二萬圓ではバラックだけしか出來ない今、夢としてあきらめるより外に方法はないであろう。

朝鮮の戰火

東洋のバルカンと云われている朝鮮に再び戰火が起きて[illegible]つた、共産と民主の戰い[illegible]も、半島に一年を送った私にとっては關心は深い。何うなることか、氣の早い人たちは疎開の話を持ち出しているし、私の學校に子供を送っている父兄からは「學校として警報の出た場合何う處置をとるのか」と質問も來ている。米軍が三十八度線に共産軍を追いやる事も近い將來であると思うが、アジアをそめている共産軍將來の動きは、いつ又始められるかわからない。劍を[illegible]來た日本、劍に代って國を守るものは一体何うであろうか。

本年の五月十四日の母の日に、世界知名の士に書を送って「母へのことば」を集めた。そしてこれを一冊にまとめると共に、校庭に母子像を建立して當日除幕式をした。

母は平和のシンボルである。じっと子を抱いて、はげしい勞苦を忍んでいる。世界の人人は母の氣持をくんで平和世界の建設に努力して貰いたいものである。これは夢であるが。（二五、七、一五）

J. Tanaka Retains Men's Title, M. Ebata Takes Ladies' Singles; Tanaka-Nobuoka Win Doubles

Better and stiffer competition marked this year's Nisei Open Tennis Tourney but favorites generally managed to pull through although the going was rough in some divisions.

Although extended to full sets before winning out, Johnny Tanaka successfully defended his men's singles title by downing Tom Nobuoka, who was his finals opponent last year, 3-6, 6-3, 2-6, 7-5, 6-3.

Tanaka and Nobuoka paired up to keep their hold on the doubles crown but they were under pressure all the way as they were extended to the limit to ward off the challenge of George Ide and Gus Hirano. After losing the first two sets decisively the challengers made a splurge bid to wrest the title, and they came close to doing it. Set scores were 6-3, 6-0, 4-6, 6-8, 7-5 in a drawn-out tussle.

Mary Ebata, a [illegible] performer on the courts but seeded second [illegible] showing in the Bussei tourney, blasted her way to the finals without losing a set, then trounced another newcomer, unseeded Cherie Yanagisawa 6-4, 6-1. The latter was the surprise performer of the tourney having eliminated defending champion Kiyoshi Ampi in the quarter-finals, then vanquishing fourth seeded Mich [illegible]zaki.

Still unfinished are the ladies' doubles in which Ginny Kawasaki and Fumi Fujiwara will square off with Chie Yanagisawa and Amy Tsukamoto, and the mixed doubles.

Fuzzy Fujiwara won the Consolation Singles by downing Mas Yatabe while Marie Yatabe took the Ladies Consolation by defeating Ruby Morita.

Danforths Get Bye Into Finals, TNT Drop Out Of Running; Uchikura Hurls Second Shutout

Club TNT was a casualty as they fell out of the picture in the round-robin series of the Toronto Nisei Baseball League on Sept. 3 in losing 6-4 to Robbies. Danforths won the other game 13-[illegible] over Busseis to gain a bye into the final round.

It was a close battle all the way in the TNT-Robbies fixture with the losers taking an early 2-run lead on a homer by Doc Tomihiro. Robbies, however, splurged with five runs in the third after two men were out. Jim Ide's bases-loaded single to right was the payoff blow. TNT closed the gap to 5-4 in the fifth but Robbies added another insurance run.

'Gionfriddo Catch"

The highlight of the game was a tremendous catch by Paul Hirano in the fifth, said to be one of the most sensational seen in the Nisei League for several years. It was a catch of a lifetime for Hirano as he made a running, diving stab of Tom Yatabe's homer-labelled drive well over 340 feet into the next softball diamond. If the ball had landed safely, the complexion of the game may have differed.

Winning pitcher Ken Mitsui and Tom Yatabe matched 6-hitters, the former racking up 8 strikeouts, no walks; the latter claiming 9 whiffs while walking two. Stocky Robbies catcher Don Mitsubata collected two for four and 2 rbi's. Besides Tomihiro's 2-run HR, Roy Kobayashi hit a triple and double for TNT.

It was strictly no contest as unbeaten Danforth Cleaners breezed to a 15-0 whitewash job over Busseis. Tucker Uchikura won his second straight shutout with a 3-hitter, following last week's 3-0 blanking of Robbies. He has now pitched 14 scoreless innings.

His mates assaulted three Bussei pitchers Min Nagata, John Kajioka and Fred Tanaka for 21 hits. Tom Kamino hit three for three, Bob Ohashi three for four, each getting 3 rbi's, while Tucker Uchikura chipped in with a homer.

Danforths with a 2-0 record get a bye into the final round while Busseis and Robbies both with a 1-1 record meet this Sunday, Sept. 10, for the right to meet Danforths. Game time for the single game is [illegible] at Christie Pits.

Toronto Keglers Resume Winter Ways

Another [illegible] season of [illegible] was the [illegible] that [illegible] Friday, Sept. 8 at the [illegible] Bowling Alleys. The Toronto Nisei Commercial Bowling League opens its [illegible]-week struggle.

[illegible] Challenge Trophy [illegible] has been won by the O. K. Cleaners for the last two years, a new League Championship Trophy has been placed [illegible]. It was generously donated by Lefty Nakamura of Queen City Jewellers and will go to the team finishing on top at the end of the [illegible] season's play.

Since about half the bowlers have an average of 200 or better, it was decided that a "scratch" of 200 was insufficient for the weaker bowlers and it was raised to 210 with a maximum handicap of 25 for under-scratch bowlers. This should result in a better balanced league and keener competition.

As in previous seasons starting time is 8 p.m. and all teams are reminded to see that their players are notified.

Teams entered are Takeda Insurance, Ueno Insurance, O. K. Cleaners, Best Cleaners, Danforth Cleaners, Yamada Studios, Moonlite Grill, Sora Construction, Star Cleaners, Queen City Jewellers, Spadina Bowling and an unsponsored team.

Only 8, Lands 23-lb. Salmon in Fish Derby

SEATTLE, Wash. — Eight-year old Bryan Urakawa, a small fry angler, hooked the biggest fish in the Seafair salmon derby for fathers, sons and daughters, a 23-pound king salmon, to take first prize.

He was given some aid by his father, Shigeo Urakawa, but parental assistance is allowed under derby rules.

"Bryan had his line caught on a snag when our big one struck-in my line," the father said.

Bryan got a bicycle for his fishing efforts.

NISEI BABE DIDRICKSON

[illegible]

ACCENTS ON SPORTS

The reason why Hamilton Niseis did not enter in the local league is that it involves too much travelling to distant parks. It was too hard on the players who would put in a regular day's work, then rush directly to whichever field they were scheduled to play.

The league that they played in last year, the Halton County, the only senior league in operation in the Hamilton area involved travelling to the outskirt towns.

Too bad that a city of the size of Hamilton hasn't a loop within the city.

• • •

Without an entry in the Halton County League, the Nisei diamond activity this year has been restricted to their own four-team Sunday league.

It seems that summer sports activity in Hamilton is very limited. Lack of public court facilities such as they have in Toronto throughout the city, has dampened any enthusiasm for tennis that the Niseis may have in Hamilton. And outside of a few, Niseis aren't getting the chance to swing a racquet.

Well, anyhow the weather has been miserable all summer.

• • •

We hear, too, that, one of the most promising young Nisei pitchers in Ontario, Basil Shintani, is no longer pitching them as he used to. Troubled by a sore arm, he is not able to throw them in.

Seems that a bad wing has been the graveyard of many a chucker.

• • •

Getting back to Nisei baseball, teams entered in competition with other teams haven't been any too good this year all along the line, at least in eastern Canada.

Fort William Niseis could not enter a team this year. Main trouble there is that with the slackening of work, many Niseis have moved out of the district. From what we hear they're still moving out.

• • •

The Westerns Seniors ended their season well embedded in the basement. They couldn't get anywhere this year, last year's record didn't mean a thing.

The number one reason was that they played without Ken Mitsui. Their short-staffed pitching corps just couldn't cope with the heavy playing schedule. And not only his pitching, he was handy with the willow, too.

While the other teams signed new players during the winter to strengthen their line-ups, last year's champions got too few recruits to bolster their team. And it doesn't seem too likely that they will be able to add to their team from among the Niseis in the city.

• • •

Montreal Niseis are experiencing a different kind of trouble. They got into the playoffs all right. And they lost out.

Now comes word that their opponents are reported to have used ineligible players. The matter is under investigation and it is possible that a replay may be ordered.

And they've had difficulties with the league officials during the season.

• • •

But you can't blame all that on the weather.

Western Midgets Lose In City Title Quest

The Western Midgets bowed out of the city championship for the midget title when they were blanked 4-0 in the second game by East Riverdale (Mara Grill) played on Sept. 1 at St. Clair Memorial Stadium.

The opposing pitcher, Bob Singleton, who also pitched the first victory on Aug. 26, struck out 11 and walked only one as he held the Westerns scoreless the [illegible].

Ken Ikeda and Sho Mori both banged out two hits apiece in a [illegible] cause.

THE WEEKLY HABIT

By TOYO TAKATA

This is the time of year when the public is atrociously fleeced, and knows it. All across the country from Halifax to Victoria, they pitch up a swindle tent under such spurious facades as the Canadian National Exhibition, Canadian Pacific Exposition, agricultural shows, country carnivals, fall fairs and what else can you call them to shake off the loose change, 'old ing stuff, and anything else they can use.

Everybody knows that to pass through the gates into the land of barkers and spielers, it means coming out second-best; yet they keep going back to be rolled year after year. Their purses and pocketbooks are filched by various devices set up to entice the hypnotized mob into spending their shekels on sirloin price hamburgers, sleazy sideshows and tampered skin games. All agree it's a racket and still they get racketed.

Whether it's the CNE or the parking lot coconut show, they're all the same. The size varies on the number of plums that can be picked and how juicy they are. With all the hand-me-down chicanery of the trade, all as old as the keyhole sights in the penny arcade, together with a few new wrinkles, they come to reap the September harvest.

And that's one crop that never fails. The wheat may rust and the corn wither, but the suckers bite on forever.

The worst of the bad lot are the so-called games of chance, the most profitable concession of all. There the public is really taken hook, line, sinker and [illegible]. Here you're [illegible] faster than a Plymouth Rock can pick on a scratch. As fast as you lay down your dime they brush it into a basket.

On those wheels with numbers, just figure out the odds against you, then estimate the cost of the prize should your choice come up. Down at the "Ex" here your chances are 108 to 1 or according to the laws of averages, you pay, at a dime a twist of the wheel, $10.80 for a prize which the concessionaires picked up for about [illegible].

And whatever the game you play, the odds run about the same. Games of chance is the biggest misnomer since they decided to call the boxing square a ring.

Sure, we know what we're up against and yet, we insist on taking a chance. That's our own lookout, we should know better. But what about the children that get a dollar or so from the parents? Most of the operators don't worry about whose dimes they take, they grab what they can.

But the innocent kids seeing somebody walking off with a prize don't realize how the chips are stacked. They want it and will toss away the little they have.

There was one time when we were still convinced that all folks made up one big happy family when a man operating a fishpond, that's where you hook a wooden fish containing a number and you land a prize with the corresponding number, beckoned to us to take a chance.

Personal Notes

ST. GERMAIN-NAKAMOTO

TOKYO, Japan. — Tokyo General Hospital chapel was the scene of the wedding of Donna Emiko, daughter of Mrs. Yae Nakamoto, formerly of Vancouver and Tashme, B. C., and Sgt. James Leonard St. Germain Sr., of Joliet, Ill., on June 24.

The high mass was celebrated by Fr. Peter Herzog, S.J., a friend of the bride and groom.

The bride wore traditional satin and lace gown with full train. A solitaire-studded crown with attached three-quarter length veil completed the bride's outfit.

Following the wedding, a reception was held at Prince Kan In Club. The couple honeymooned at Hakone, famous Japanese summer resort.

The couple will reside in Tokyo. Friends who are interested can reach the couple at 1273rd Air Transport Squadron, MATS, APO 226, c/o Postmaster, San Francisco, Calif.

He was a nice fellow, he even let us hook up a free fish. He looked at the number then he said, "You should have had your money on it." Then he pointed to one of the bigger prizes and said that's the one we could have had.

Well, this is a pretty good game, so we played, this time for keeps. We weren't so lucky. Got a hairpin.

Every year in Toronto, the city fathers are raising a huff as to whether such and such a picture should be shown, or whether a certain artist should be permitted to utter an off-color joke. Immoral, one will say, and art, retorts another. Nobody seems to know exactly what and no decision is reached. In the meantime, the CNE gets free publicity.

But everybody knows about the skin games. At least the young children should be protected.

LINGUISTS IN KOREA

(Cont'd from Page 2)

lippines, Okinawa and on the home islands of Japan. Theirs was much of the work of documentation of war crimes, as well as the job of translating captured enemy documents. The work of Nisei in the Japanese occupation has done much to alleviate some of the difficulties of that tremendous undertaking. It is doubtful whether the occupation could have succeeded as well or as harmoniously without these trained specialists.

By the time the military necessity for secrecy had diminished and official censorship was lifted there was little public interest in war memoirs so that few publications were interested in stories on the GI interpreters. Two officers who were in charge of much of the military intelligence operations of General MacArthur's headquarters, Major General Willoughby and Colonel Mashbir, have written magazine stories citing the important role that the Nisei did play along the long road from Pearl Harbor to the deck of the battleship Missouri in Tokyo Bay. But the public as a whole, with the exception of the people of Minnesota's Twin Cities who saw thousands of Nisei in uniform from Fort Snelling, are still uninformed regarding the existence of a group of Americans who proved to be a human secret weapon in the Pacific, the Nisei combat interpreters.

The news from Korea is that these Nisei interpreters are again in action. All of the Nisei casualties to date have not been of these language specialists. Many of the casualties, particularly those of Hawaiian Nisei, are Nisei who are serving in regular infantry units, including a combat team and a division from Hawaii who have been in the thick of the Korean fighting in recent weeks.

Because there are few Americans who can speak Korean and because most Koreans speak the Japanese language, there is an increasing demand for these Nisei language specialists. A number who have been in the organized reserve have been called up in recent weeks and others probably will be called before the war in Korea is ended.
